---------------------	--

#### Description

The attributes section allows editing the attributes compared between products (weight, size, color, specifications, etc.). Customers have the option to add products to "Add to Compare" to analyze the similarities and differences between products. These attributes are created in the Catalog - Attributes area and can only be edited by the administrator.

As an admin I want to have a Catalog module in place to perform all the administrator tasks (ST3AB-1)
